**A Fatal Mistake**

Is Often Made by the Wisest of Clarksburg People.

It's a fatal mistake to neglect backache. Backache is the first symptoms of kidney trouble. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease.

Read what a Clarksburg citizen says: Mrs. S. J. Anderson, wife of J. R. Anderson, carpenter, of 370 Clay St., says: "If all suffering from pain across the small of the back, be it mild or aggravated, lasting for a week or two or like mine existing for four years; if all annoyed with trouble from the kidney secretions, the complication rendering the most trivial household work often a drag and making stooping or reaching for an object well nigh impossible, could have the annoyances removed as quickly and quietly as Doan's Kidney Pills procured at Wells & Haymaker's removed mine then backache or kidney complaint in any form would cease to exist in Clarksburg. I knew after a dose or two of Doan's Kidney Pills were helping and I continued the treatment the pain ceased and the action of the kidney secretions became normal. In return for the benefit I received from Doan's Kidney Pills I am more than pleased to recommend them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute. dec20deed-1w.

**LANDSLIDE**

On the Monongah Delays Passenger Trains.

A heavy landslide occurred at an early hour this morning on the Monongah division of the Baltimore and Ohio railroad just north of Monongah. The Pittsburg flyer due at that point at 7.27 o'clock was delayed for two hours on account of the slide as was also the morning train from Fairmont. The latter did not arrive here until 10.55 o'clock. Other trains were delayed some because of heavy express mitter.

**WANTED**—Some one in country to winter carriage horse. Address Box 403, Clarksburg, W. Va. d20-24.

Dr. H. V. Varner, a senior of the Baltimore Medical College came in on No. 3 this morning, and will spend his holidays visiting friends throughout the state.

**OCULIST AND AURIST.**

Is by far the best qualified and equipped for examining the eye and fitting spectacles of any one in the state, having had over twenty years' practical experience, and much practical training under the best instructors in United States, some of whom came from England, Germany and France.

The Doctor is not only a very fine refractician, but has acquired a thorough knowledge of grinding and cutting lenses, frame fitting and adjusting and is therefore competent to examine the eye, make up, and adjust the glasses in the most satisfactory manner.

His stock of solid gold and gold filled spectacle and eye glass frames and regular cut, and special ground lenses is full and complete, which enables him to make up the MAJORITY of his work while you wait and all you pay for is the finest and best fitting pair of glasses that can be made for the price.

The following illustrations represent a few of the valuable and powerful scientific instruments used by him for examining the eye for glasses and being familiar with all the latest methods of testing. It is worth more than the cost of a pair of fine spectacles to have so thorough and searching examination made as, "A stitch in time may save nine."

Every pair of spectacles is fully guaranteed to give satisfaction.

Office is in the Fordyce Building.
